## FOREWORD

*N*ESTLED in the foothills of the Catskill Mountains is the Village of Delhi, the county seat of Delaware County. On a hill overlooking the village stands Delaware Academy. The people of Delhi take great pride in their school, which for nearly a century and a quarter has educated their youth. Our beautiful building and all that our school offers us for work and fun prove this.

We who have lived here and attended Delaware Academy realize that all around us are evidences that this community has greatly influenced us. From it we have received many of our customs, traditions and characteristics to be carried on through the years.

Through the art work in our book we have tried to give the impression that this is an agricultural section. The pen and ink sketches remind us of familiar spots around the village. As we look through this book in the years to come, these sketches are sure to recall to our minds many pleasant memories of our school days here in Delaware Academy.

## TO THE SENIORS

Throughout your years in our school you have been acquiring knowledge. It is good to get as much knowledge as you can but better to use that knowledge rightly. This knowledge is enduring and should be of great value as you continue your education in whatever your pursuit of life may be. Someone has said, "The only jewel which will not decay is knowledge."

May I offer my sincere congratulations to you as members of the class of 1950 and wish you success and happiness as you leave our school. We shall be pleased if we have the opportunity of further service to you and hope you will continue to show your interest in our school by returning occasionally for a visit.

Sincerely yours,

*R. P. DeGelleke*
